

H.R. 134 WILL PROVIDE COMPENSATION FOR VETERANS EXPOSED TO RADIATION

HON. PATSY T. MINK

OF HAWAII

IN THE HOUSE OF REPRESENTATIVES

Tuesday, January 30, 2001

Mrs. MINK of Hawaii. Mr. Speaker, on January 3, 2001, I introduced H.R. 134 to enable veterans exposed to radiation to be considered for medical assistance without regard to their particular level of exposure. The bill also expands the definition of radiation-risk activity to include veterans exposed to residual contamination.

The destroyer U.S.S. *Brush* entered the waters of the Kwajalein Atoll in the Marshall Islands, an area contaminated with radiation from a large number of ships that had served as targets during two atmospheric nuclear tests. Crew members of the U.S.S. *Brush* ate fish and drank water distilled from the bay and crew members made trips to the target vessels to retrieve souvenirs. There was no dosimetry data collected on the U.S.S. *Brush* or at the Kwajalein Atoll to determine levels of exposure. No safety precautions were taken to prevent exposure and the crew was unaware of the dangers of ionizing radiation.

Veterans who served on the U.S.S. *Brush* now suffer from a number of diseases that can be linked to radiation exposure. However, their disability claims have repeatedly been denied because they were not onsite participants in an atmospheric nuclear test and they were exposed to low levels of ionizing radiation.

Congress has assisted veterans exposed to radiation in the past. In 1988 Congress passed the Radiation-Exposed Veterans Compensation Act (Pub. L. 100-321). This law covered veterans which participated in a radiation risk activity. The law has three definitions of radiation risk activity. They include: Onsite participation in a nuclear detonation, occupation of Hiroshima or Nagasaki, Japan, by United States forces during the period beginning on August 6, 1945 and ending on July 1, 1946, and internment as a prisoner of war in Japan during WWII which resulted in the opportunity for exposure to ionizing radiation comparable to that of veterans occupying Hiroshima or Nagasaki. Clearly, this language does not cover those veterans exposed to radiation while in the service of their country.

VA claims that lab tests on these veterans show that levels of residual radiation are not sufficient to sustain their claims for disability. However, these dose levels were based on lab tests, not data collected on sight at the Kwajalein Atoll. This is important because Congress has previously concluded that determining the level of exposure, unless collected onsite, is a futile exercise. Disability claims must be considered without regard to whether any particular level of radiation was measured for that individual especially when exposure is not denied.

Congress must ensure that veterans exposed to ionizing radiation either on site or residually be eligible for benefits. Without H.R. 134 radiation-exposed veterans do not have a realistic chance of proving their disability claim. I urge my colleagues to support our veterans by co-sponsoring H.R. 134.

HONORING MR. SCOTT FLORES

HON. MARK UDALL

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, January 30, 2001

Mr. UDALL of Colorado. Mr. Speaker, I rise to honor Scott Flores, the outgoing chairman of the Denver Hispanic Chamber of Commerce, who has made significant contributions to the Hispanic community and to Colorado as a whole.

The Denver Hispanic Chamber flourished under his leadership. It has been recognized not only as the Regional Hispanic Chamber of the Year for a nine-state region, but also as the leading large Hispanic Chamber of Commerce in the country, highlighting its important leadership role in the local and national Hispanic community.

During the past year, Scott Flores has been the individual most responsible for uniting the seven Hispanic Chambers throughout Colorado into a single Colorado Hispanic Chamber of Commerce Alliance. Although this alliance is still in the development phase, it has the potential to unite Colorado Hispanics economically and socially. This new organization could help strengthen existing businesses and establish new ones. Additionally, this new organization will likely be partnered with the United States Hispanic Chamber of Commerce, which could help to foster cultural unity and stimulate further achievements on the part of the Hispanic community in Colorado.

Mr. Speaker, I am proud to recognize Mr. Scott Flores for his efforts. I have no doubt that his work with the Denver Hispanic Chamber will continue to benefit our economy and improve American equality and social justice.

HONORING BILL NORTH, PRESIDENT, JURUPA VALLEY CHAMBER OF COMMERCE

HON. KEN CALVERT

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, January 30, 2001

Mr. CALVERT. Mr. Speaker, I rise today to honor and pay tribute to an individual whose dedication to the community and to the overall well-being of California's Inland Empire and the nation is unparalleled. The Inland Empire has been fortunate to have dynamic and dedicated business and community leaders who willingly and unselfishly give time and talent to making their communities a better place to live and work. Mr. Bill North is one of these individuals.

On January 27, 2001, Bill North was honored by the Jurupa Valley Chamber of Commerce during his installation dinner, not only for being the singular individual in the Chamber's history to serve three consecutive terms but also for his life-long service to the community and our country. In 1989, Bill and his wife, Debbie, joined the Chamber of Commerce as the owners of Eagle One Security. In those 12 years they have given time and time again, and are still at it.

Bill North's life is a testament to the founding principles of our great nation. One of twelve children born in Cawood, Kentucky, Bill grew up working in tobacco fields and on his

family farm. At only seventeen he enlisted in the United States Army, training with the British Commandos to become an Airborne Ranger. As a soldier he fought in more than his share of battles, including: Normandy, the Battle of the Bulge, the Rhineland, Northern Europe and Central Europe Campaigns. His bravery and heroism earned him a Silver Star, five Bronze Stars, a Presidential Citation, two Purple Hearts and many other citations. The war not only introduced him to seemingly impossible challenges—such as when his outfit mistakenly parachuted behind enemy lines and landed in a concentration camp, engaging in heavy combat, and liberating the victims—but also afforded him the opportunity to share a meal with Winston Churchill and having General Patton remark to him, "You'll Make It Kid," while riding on the General's tank.

After the war, Bill's long and prosperous career included a stint in the steel mills of Detroit and government work in California, welding titanium heat shields for the first manned orbital space flight. However, it is his community involvement that has set Bill apart, including: fifty-seven years as a Shriner within the Masonic Order, the Elk & Moose, Junior Mechanics, Odd Fellows, Red Man and numerous others. These groups have allowed him to continue to express his care for humanity by delivering meals to those in need and visiting terminally ill children in the hospital. Bill is also a co-founder of the Concerned Citizens on Patrol and currently volunteers as a Social Investigator with the Riverside County Probation Department's Youth Accountability Board Program.

Bill North's incredible devotion to our nation and his outstanding work to promote the businesses, schools and community organizations of the Jurupa Valley Chamber of Commerce make me proud to call him a community member and fellow American. I know that all of the Inland Empire, including myself, are grateful for his contribution to the betterment of our community and salute Bill as he commences his fourth term (third consecutive term) as President of the Jurupa Valley Chamber of Commerce. I look forward to continuing to work with him for the good of the community well into the future.

A SALUTE TO JACK MCLAUGHLIN HONORING HIS YEARS OF SERVICE WITH THE BERKELEY UNIFIED SCHOOL DISTRICT

HON. BARBARA LEE

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, January 30, 2001

Ms. LEE. Mr. Speaker, I rise in honor today to salute Berkeley Unified School District's Superintendent, Jack McLaughlin, for his years of service to the school district and city of Berkeley.

Superintendent McLaughlin has thirty-seven years of service in California's public school system to his credit, with twenty-six of those years as a district superintendent throughout the state. Additionally, he has also served as a teacher, Principal and Assistant Superintendent. Dr. McLaughlin is leaving Berkeley Unified to become Nevada State's Superintendent of Public Instruction.

Dr. McLaughlin has made a positive and profound impact on the students and faculty of

Berkeley during his six-year tenure as its Superintendent. These impacts include implementation of a full scale class size reduction, implementation of an Early Literacy Plan, creation of small school academies at Berkeley High School, conversion of the continuation school to an alternative high school, implementation of a rigorous promotion and retention policy, extension of the day program for additional academic student support, construction of five new school buildings, four magnet schools and one new elementary school, replacement of over half of the district's bus fleet with more energy efficient and low emission vehicles, implementation of a classroom technology program and creation of Healthy Start programs throughout the district to extend support for the school district's families and students.

While this list is just a fraction of his accomplishments in an active six-year tenure, it is no surprise that Dr. McLaughlin was named as California's Superintendent of the Year in 1999.

I proudly join his friends and colleagues in thanking and saluting him for his years of service and commitment to education and wishing him much success on his new career in Nevada. Thank you Jack.

PROTECTING THE MILITARY
HEALTH CARE BENEFITS OF
LONG-MARRIED MILITARY
SPOUSES FOLLOWING DIVORCE

HON. PATSY T. MINK

OF HAWAII

IN THE HOUSE OF REPRESENTATIVES

Tuesday, January 30, 2001

Mrs. MINK of Hawaii. Mr. Speaker, today I am introducing legislation extending eligibility to use the military health care system and commissary stores to un-remarried former spouses of a member of the uniformed services in certain circumstances. The legislation is identical to H.R. 475 which I introduced in the 106th Congress.

Current law provides health and commissary benefits to un-remarried former spouses who meet the 20/20/20 rule—those who were married to military personnel for at least 20 years, whose spouse served in the military for at least 20 years, and whose marriage and spouse's military service overlapped for 20 years.

A problem that frequently arises is that many members who retire upon attaining 20 years of service were married a year or two after entering active duty. The overlap of their service and marriage is just short of 20 years. Thus regardless of the subsequent length of marriage the spouse can never meet the criteria requiring the 20 year overlap.

The bill would eliminate this current inequity by extending to un-remarried former spouse's medical care and commissary benefits if the member performed at least 20 years of service which is creditable in determining the member's eligibility for retired pay and the former spouse was married to the member for a period of at least 17 years during those years of service.

This inequity affects not only individuals in my district, but spouses in every district across the Nation. Since the introduction of H.R. 475 last Congress, I have received letters and

phone calls from Massachusetts, Idaho, California, Ohio, Arizona, Florida, Washington, Maryland, Kansas, and Utah.

The Department of Defense has stated that by providing a more liberal entitlement to these individuals, we would "tax" the Department's resources thus increasing the budgetary requirements. Well, I say it is worth it when I read about a woman from Arizona who was married to her husband for 36 years, but because she married him 1 year after his initial enlistment, she missed the 20-20-20 rule by 11 months. These stories are tragic, and we must correct this unfairness.

I urge my colleagues to join as cosponsors of this legislation.

TRIBUTE TO DONNA NIEHOUSE,
OUTGOING PRESIDENT, LAKE
ELSINORE VALLEY CHAMBER OF
COMMERCE

HON. KEN CALVERT

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, January 30, 2001

Mr. CALVERT. Mr. Speaker, I rise today to honor and pay tribute to an individual whose dedication to the community and to the overall well-being of Lake Elsinore is exceptional. Lake Elsinore has been fortunate to have dynamic and dedicated business and community leaders who willingly and unselfishly give time and talent to making their communities a better place to live and work. Donna Niehouse is one of these individuals.

On January 20, 2001, Donna Niehouse was honored as the outgoing 1999–2000 President of the Lake Elsinore Chamber of Commerce. Donna's efforts over the past two years as President of the Lake Elsinore Chamber of Commerce led to the Chamber's financial stability through her sound judgement and leadership. Additionally, Lake Elsinore has seen the growth of the monthly Street Fairs and Cruise Nights held in the historic downtown Lake Elsinore—leading the Chamber's ability to turn over the operation of these events to the Downtown Merchants Association.

The leadership of Donna Niehouse has also led to the Economic Development Committee's returning to their original concept of monthly luncheons, now one of the most highly attended events in the community, and the establishment of the Chamber website. Donna has been instrumental in strengthening the bonds between the Chamber, City and business community.

Donna's work to promote the businesses, schools and community organizations of the City of Lake Elsinore make me proud to call her a community member and fellow American. I know that all of Lake Elsinore is grateful for her contribution to the betterment of the community and salute her as she departs the Lake Elsinore Valley Chamber of Commerce after two years of service. I look forward to continuing to work with her for the good of our community in the future.

PEACE AND QUIET OF THE PARKS
NEED CONTINUED PROTECTION

HON. MARK UDALL

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, January 30, 2001

Mr. UDALL of Colorado. Mr. Speaker, the new Administration is reviewing some of the actions of their predecessors. That is understandable and in some cases may be appropriate.

But I am concerned about reports that the review may lead to actions to delay or undo important recent initiatives to protect the public health and safety and the quality of our environment.

For example, the Forest Service recently completed development of new rules for the management of the remaining roadless areas in the national forests. They are sound, balanced rules to protect these areas that are so important for fish and wildlife, clean water, recreation, and other values. They should be allowed to stand.

Similarly, the National Park Service has acted to reduce the noise and other adverse effects on some parks for snowmobiles and aircraft. Here again, it would be a mistake to simply discard the work that has been done to respond to some very real problems.

As the Denver Post noted in a recent editorial, "the Park Service didn't react arbitrarily. The agency held extensive public hearings, conducted numerous scientific studies, and invited tens of thousands of written citizen comments. . . . the Park Service was responding to a public outcry, so the new policies in fact largely emerged from the grassroots. . . . Our beloved national parks must be preserved for future generations. . . . the ban on loud, intrusive machines in these awe-inspiring wonderlands should remain."

Mr. Speaker, I agree, and for the benefit of our colleagues, I am submitting the full Denver Post editorial for inclusion in the RECORD.

[From the Denver Post, Jan. 23, 2001]

DON'T DISRUPT PARKS POLICY

President Bush should stand up to the narrow political interests who would wreck the tranquility of our national parks.

For years, visitors at Yellowstone and Grand Canyon National parks often complained about snowmobiles in Yellowstone, and airplane and helicopter flights over the Grand Canyon. Clearly, the National Park Service had to craft a new policy responding to numerous citizens infuriated by the noise, pollution, wildlife harassment and inappropriate machine use. In Yellowstone, for instance, visitors couldn't even hear Old Faithful's great roar over the constant whine of hundreds of snowmobiles.

But the Park Service didn't react arbitrarily. The agency held extensive public hearings, conducted numerous scientific studies and invited tens of thousands of written citizen comments.

Based on that input, the Park Service imposed the bans on Grand Canyon aircraft flights and snowmobiles in Yellowstone.

However, some conservative Western politicians want President Bush to discard these thoughtful policies. In a Dec. 27 letter, U.S. Rep. Jim Hansen, a Utah Republican, told Bush he should overturn a host of Clinton administration public land policies. At the top of Hansen's promachine wish list: the ban on Grand Canyon aircraft flights and snowmobiles in Yellowstone and other national parks.
